

THE ACHILLES PARTY

LITTLE THINGS CAN
BE HUGE

POLICIES:

1. To have more friendly transport.
 2. **Everybody** will be respected the same.
 3. **Everyone** will have the same tax pay.
 4. We will have more hybrid vehicles.
 5. We will recruit more police, doctors and nurses
- 

Manifesto-Promise

Like we said before, we will recruit and train more teachers and suggest this as a university job.

TEACHERS

As well as recruiting new teachers, we will manufacture new vehicles and the latest transport.

Less pollution

Pollution is overcoming our nation through air, ground and water. We will develop an environmental company with advertisements about this problem and products to clean the environment.

We promise cleaner rivers for our community. We also promise to improve children's education and learning. We will help families get jobs that they will enjoy.

Improving the population of animals

We will help animals spread the animal's population.
